Hi Meg -

Sure. Let me follow-up here and we'll get them right out to you.

Damien Houlihan, Chief

Subject: Pilgrim's DMRs

Hello Damien,

We are catching up on getting Entergy's DMRs for Pilgrim.
Could you send me these which we have not received:

2015: July, Sept., Oct., Nov., Dec.
2016: January to present

Today Entergy announced they are going to continue operating Pilgrim until mid-2019.

2016 marks the 20th anniversary of the expiration of Entergy's 1996 NPDES permit. We understand from EPA's database that Pilgrim's is one of the longest expired permits in the U.S.

Thanks so much.

Meg Sheehan
